Wednesday 24<sup>th</sup> September, Hazlemere Golf Club  
13:30 – 15:30

There will be a training session for mentors and NQTs together where you will:

- Look closely at the CEDP;
- Work together with your Induction Mentor to set appropriate targets;
- Use your targets to design an effective school induction programme;
- Look at structuring your Professional Portfolio;
- Set objectives with Mentors/Induction Tutors.

This session enables the mentor and NQT to meet outside of school to set the targets.

The autumn term CPD training programme for NQTs has been released and spring and summer courses will follow in the coming weeks.

Remember we offer a training package where you can attend 10 training sessions for just £500! We have a wide variety of courses that will help develop and support you through your induction year. It is important to reiterate that the 10 sessions do not have to be booked in one go – you can choose the training courses throughout the year depending on what your need is.

A full copy of the NQT CPD programme for the autumn term is shown overleaf. To book onto any of these sessions please follow the booking instructions on the NQT website <http://nqt.learningtrust.net>.

Congratulations for completing your Teacher Training year. What an achievement it is to have survived what will no doubt be one of the toughest years of your career. Take a moment to think about how far you have come since last September, how much you have learned, and what you and the pupils you have been teaching have achieved

We are here to offer new teachers advice, guidance, empathy, solidarity and much more as you approach your summer break and prepare for September.

We would like to encourage all NQTs to take stock of what you have achieved. Teaching is one of the most noble and proudest professions and, as you hopefully have already discovered, the highs by far outweighs the lows. Hold onto this and take some time this summer to celebrate all you have achieved. We are right behind you.
